

ACCU-FLO
NOZZLE

Superior Drift Control for Helicopters

The only nozzle of its kind, the **Accu-Flo™ Radial Nozzle** is a uniquely designed spray nozzle for precision applications. Because it applies as precise as a paint brush, **Accu-Flo nozzles** are used all over the world in forestry and right-of-way. Additionally, it's a great nozzle for Ag work. Operating at pressures as low as 20psi with speeds of 30-40 mph makes this one-of-a-kind nozzle an ideal fit for Helicopters.

- ✓ ***Least drift-able fines of all nozzles***
- ✓ ***Most uniform droplet distribution***
- ✓ ***9 Versatile cap styles are available***
- ✓ ***80 mesh filter comes standard in each nozzle***
- ✓ ***Lightweight (2 oz ea)***

Accu-Flo GPM Chart*

*Based on a nozzle on a test bench. (Spraying system #8360 and check valve #8355 will produce a slightly higher volume).
